DVR Service Puts Flora Cable Customers In Control

You don't have to be a slave to the TV schedule anymore. DVR (Digital Video Recorder) service from WIN lets you watch what you want, when you want. With DVR service, you can keep up with all of your activities and still not miss your favorite shows. It makes it quick and easy to automatically record any show that airs on Digital Video Service from WIN. Then whenever it's a good time to watch, these programs will be waiting for you to enjoy. Record one episode or an entire season—it's up to you.

DVR service also enables you to:

- Pause, rewind, and slow-motion instant replay the action during live telecasts such as sporting events.
- Watch one show while recording another. For example, you can watch the big game as it happens while recording the season finale of a TV drama to watch later.
- Pause live TV to answer the phone or go to the door to get the pizza you ordered.
- Save time by fast-forwarding through recorded programming that doesn't interest you.

Make TV viewing much more fun and more convenient. Add DVR service to your Digital Video Service subscription for a nominal rate. For complete details, call WIN at 618-662-3636.

**DVR is available to Flora cable customers only, at this time.*
