February 2014

“Baby It's Cold Outside”

Weather has the power to start conversations, change plans, make or break events, and devastate communities. Fortunately, there are now many online resources that make it easy to help you stay updated on changing weather conditions - from bone-chilling blizzards to scorching heat. With this at your fingertips, there's no reason to ever be foggy about the forecast.

Illinois Cooperative Youth Day is April 2, 2014

Have a high school junior or senior interested in government? Have them speak to their guidance counselor at school. WTCI and WIN will be sponsoring up to 10 students for a Youth to Springfield trip on April 2, 2014. Students will also have the opportunity to be chosen for a week-long trip to Washington DC, June 13-20, 2014. Check out it out at www.nreca.coop/youthtour! Each year, nearly 300 outstanding students get an up close and firsthand look at democracy in action when they meet their elected representatives during Illinois Electric and Telephone Cooperatives Youth Day. Over the years, thousands of students have learned how government works and why it's important for every citizen to get involved in it. State senators and representatives have the opportunity to inspire and encourage the leaders of tomorrow during this annual event, held in Springfield.
